You can hope. You can wait. Or you can decide to do something about it now. Right away. Never before you had an opportunity like this.

Learn a new trade. Develop a new skill. It is called **Stock Market Intraday Trading**. Some of you will know what it is. For some, it might be new.

Stock Market has been long regarded as a platform for gambling and speculation. But electronic trading, technology and software have made it much more efficient. Analysis software now guides traders with unbelievable accuracy of near 100%.

To help you master Intraday trading, we offer a unique and exclusive training package.

■ **Software based trading system with live data flow and live analysis producing charts.**

■ **Charts show up to 3 Buy and 3 Sell signals: 2 of which are 100% accurate.**

■ **Additional 4 + 4 signals let you analyse the strength of the price movements, which directly affect your trade's profitability.**

■ **Two special Stop-loss methods to severely limit any chance of big loss.**

■ **Strategies to earn Rs 1,500 daily, Rs 3,000 to Rs 5,000 and Rs 10,000+ per day.**

■ **6-day on-site training followed by 6-month online training with step-by-step support.**

■ **Free daily Buy/Sell calls for 6 months.**

■ **Free unlimited retraining whenever you want.**

■ **First 6 months, we take the responsibility of earning your monthly targets: Rs 30,000 going up to Rs 50,000* by third month, depending on your capital.**

The entire training package costs Rs 45,000. The software cost is additional Rs 5,000 per year. A trading capital of Rs 50,000 is leveraged several times to help you earn Rs 2,000 to Rs 3,000 per day.

You can earn Rs 50,000 plus in Intraday trading from the 3rd month onwards. So go ahead. Start now.

Here's your chance of a life-time to build a high paying career with just Rs 1 lac as investment. Getting a professional qualification would cost several lacs more.
